About this book

- *Word Games With English Plus* is the fourth book in the *Word Games With English* series. It is designed to stimulate upper-intermediate learners to practise, activate and extend their English vocabulary.

Pedagogical Basis

- *Word Games With English Plus* corresponds to the standard demanded for the University of Cambridge First Certificate in English, where students are expected to have a good level of general English vocabulary in the 4000 to 5000 word range.
- The words have been taken from the *Cambridge English Lexicon* (R. Hindmarsh) at levels 4 and 5, from First Certificate in English examination papers and from the most widely-used English as a Foreign Language textbooks. Extensive use has been made of authentic materials, such as travel brochures, information booklets and newspapers, and patterns of use have been checked in a wide variety of modern dictionaries.
- *Word Games With English Plus* can be used to complement any course at this level, filling lexical gaps and providing further practice.
- Learners are also prepared for the type of vocabulary and the kind of language manipulation that are required for the First Certificate in English examination.

Presentation

- The vocabulary illustrates a wide variety of topic areas and semantic fields: travel and holidays, the media, leisure activities, tools and appliances, finance etc.
- The games develop an awareness of different language forms: phrasal verbs, compounds, prefixes and suffixes, homonyms, homophones etc.
- Special practice has been given in collocation, lexical choice and appropriacy as these are a major source of error at this level.
- There is a wide variety of activities: matching, selecting, labelling, cloze testing etc to encourage students to think in English.
- The book is suitable for adults and teenagers, for individual or group work, and for varied further exploitation by the teacher, who can use it in class or for homework.
- There is a full answer key and word list, enabling the book to be used for self-study and revision.

To do all the games in this book, you will have to use the English words you know and learn many more. Read the instructions carefully before you start each game. Study the example and make sure you understand what you have to do – matching words, inserting words into spaces, finding the missing words etc.

Write your answers in the book if there is room or on a piece of paper. Some of the games may take quite a long time, so do not give up too easily. Try to find the answers you do not know by looking at the context, the other words in the game and the letters needed. The Word List at the back of the book contains all the words used in the games and is there to help you. Use it to give you ideas and guide you towards the correct solution.

When you have done all you can, refer to the answer key to check and correct your work. Keep the book as a record when it is completed and as a check list of words you should know.

And you can always rub out the answers and start again!

Food for Thought

A busy restaurant serves the following: MEAT, FISH, VEGETABLE CURRY, SAUCES, BREAD, FRUIT, WINE and COFFEE.

If you heard these complaints from diners, what would they be talking about?

For example:

1 BREAD

Now choose from the adjectives below to describe the following in different ways: (some of the adjectives can be used more than once)

For example:

a cup of tea

a type of cheese

a glass of lemonade

- 1 strong
- 2 milky
- 3 _____
- 4 _____
- 5 _____
- 6 _____

- 3 _____
- 4 _____
- 5 _____
- 6 _____

- 1 _____

Follow the zigzag down and find the noun which can go with all 4 words.

For example: 1 box

(4 kinds of box : signal box, window box, fuse box and witness box)

signal window fuse witness	green light council public	sewing fruit slot vending	dining racing sports cable	surf diving notice black
1 box	2	3	4	5

Now use 4 of the incorrect words to describe the 4 pictures below.

On these T.V. screens, you can see excerpts from an evening's viewing on several different channels. The titles of the programmes watched by Adrian and by Elizabeth will enable you to identify what each of them saw. Match the screens to the titles then number the screens accordingly. Challenge: Beat the Clock to Win the Jackpot. 12 Evening Worship: Prayers and Thanksgiving.

First cross out the 12 words or expressions which describe the 12 different types of programme you have just identified on the previous page. Then cross out:

- 5 people who appear on the screen
- 4 people who work behind the scenes
- 3 parts of a television
- 2 slang words for television

Take 1 letter from each word in the lists below to find 12 popular leisure activities and interests that people enjoy in their spare time. The words in the lists are all connected to each activity.

Cirali

The distinctive (1) *features* of Cirali are its much valued historical, architectural and artistic treasures. Built around a steep hill (2) *surrounded by* undulating valleys, Cirali occupies a (3) *remarkable* position in the heart of the countryside. The (4) *range* of monuments to be seen is impressive — much is (5) *preserved* of all the ages, a true history book of the past (6) *linked to* our present civilisation. Modern (7) *development* has not interfered with the ancient town of steep streets and (8) *alleyways*, just as the (9) *vineyards* have not interfered with the fields of wheat.

Lasyp

Lasyp is a (3) *remarkable* mediaeval town untouched by recent (7) *developments*. (2) *Surrounded by* rocky mountains it is sometimes called 'The City of Silence'. The narrow, picturesque streets are (6) *linked by* winding (8) *alleyways*. The town hall, with its well (5) *preserved* tablets giving information about certain (1) *features* of the old legal system is well worth a visit and from its bell-tower unfolds a (4) *range of* magnificent views, from (9) *vineyards* to ancient ruins.
